

Forensicare

THINKING ABOUT A NURSING CAREER IN MENTAL HEALTH?

Apply for Forensicare's Graduate Nurse Program

Forensicare, (Victorian Institute of Forensic Mental Health), is the leading provider of forensic mental health care across Victoria. We deliver recovery focussed mental health programs for our patients; from early intervention and prevention, inpatient care, rehabilitation and community transition support.

These services are delivered through:

- > Thomas Embling Hospital: a 116 bed secure mental health hospital,
- > Prison mental health services: a range of specialist mental health services across Victoria's men and women's prisons; and
- > Community Forensic Mental Health Service: specialist community mental health programs.

Forensicare Graduate Nurse Program 2018

As a graduate nurse at Forensicare, you will be supported in your transition from student to Registered Nurse. Our Graduate Nurse Program will provide you with a supportive environment where you will:

- > enhance your clinical and professional confidence and competence; and
- > given opportunities to continue learning and be given professional responsibilities and independence.

Your training & development

To facilitate your ongoing development into a competent, knowledgeable and responsible Registered Nurse in a specialist forensic mental health service all our graduates will be enrolled into the first year of a Postgraduate Diploma in Mental Health Nursing. You will also be given the opportunity to continue your postgraduate study following the successful completion of academic and clinical components of the first year. Study leave will be provided to support your academic requirements.

Your placement

Graduate nurses at Forensicare work rostered shifts, including nights. Placement during the program is rotated across a range of our service areas. Applications for our program need to be made via Computer Match as well as our Forensicare website.

INFORMATION SESSIONS & TOUR

Come along to one of our Graduate Nurse Program information sessions and tours:

When: 14th June 2017 2pm-4pm
11th July 2017 10am-12pm
